# WEDDING STORY

Once there was a wedding. And everyone loves a wedding! But why is there a boy hiding underneath the table. Why doesn't he want to join the fun?

Using magic, music, animation and laughter Wedding Story tells of a child who sets out on an imaginary journey to solve his problems. He journeys into a world of castles, colossal wedding cakes and fearsome pickled onions where the Queen is imprisoned by a fearful Giant. Is it all his fault? Can he rescue her in time?

Will he be able to come out from underneath the table and celebrate with his mum and his new step-dad?

Wedding Story is available for touring to schools and venues from February 2008.
